Camp Rockin'U
13919 Lake Francis Rd
Dobbins, CA 95935

August 17, 2010

Dear Mike:

I just wanted to drop this little thank you note after leaving your wonderfull place.

I can tell you one thing for sure: Manahiti hasn't stopped raving about the exciting time he had at Camp Rockin' U. He describes in great detail his experiences on the mountain scooters, at the waterfront, archery range, and shooting range, with such enthusiasm you would think he had just returned from an expensive theme park.

Your concern for the health and safety of the children, and your attention to every detail, guaranteeing a quality program, is evident in every aspect of the camp. The right words escape me to express my, and my wife's, gratitude. Please express our heartfelt thank to Anthony and his brother, Jacob, for the many hours they spent entertaining Terry (Coucounou) and attending to us. Of course, extend our thanks to your entire staff and all the behind-the-scenes staff of Lake Francis Resort.

Mike, it is your leadership that makes camp Rockin' U an outstanding summer camp You will be hearing from us soon about our plans to return next summer with a group of Tahitian children, anxious to experience what our family has experienced and enjoyed so much.

Sincerely,

Christopher Kozely
US Consular Agent, French Polynesia
